

Statement of Animal Origin

Catalog Number: MTGR75000

Item Description: AERVENT 50 1/8" NPTM Q100

Based on the information received from our suppliers, some raw materials contain animal derived materials. The information we have received from our suppliers is summarized below:

A raw material contains an additive or polymerization aid manufactured from substances of animal origin. The supplier has stated that the animal-based fat is sourced from animals originating from Europe and is SRM (Specified Risk Material) free in conformance with 2001/999/EC and 2003/1/EC. The supplier has also stated the following processing conditions for the animal-based fat: hydrogenation at 200 °C for 90 minutes and trans-esterification or hydrolysis at not less than 200 °C for not less than 20 minutes under pressure. The processing conditions meet the requirements of the "Note for Guidance on Minimising the Risk of Transmitting Animal Spongiform Encephalopathy Agents via Human and Veterinary Medicinal Products" (EMEA/410/01 Rev. 2).
