

Statement of Animal Origin

Catalog Number: VPMG201NB1

Item Description: Viresolve Pro Magnus 2.1 Device

Based on the information received from our suppliers, some raw materials contain animal derived materials. The information we have received from our suppliers is summarized below:

A material that contacts the product during the manufacturing process contains small amounts of stearic acid derived from tallow that originates from bovine sourced from the United States and Mexico. The supplier has stated the following processing conditions for the tallow-derived material: processing times and conditions meet the requirements of the Commission of the European Communities (EC) Published Guidelines 2000/6/EC and 2001 OJ C 286 (October 12, 2001). The processing conditions meet the requirements of the "Note for Guidance on Minimising the Risk of Transmitting Animal Spongiform Encephalopathy Agents via Human and Veterinary Medicinal Products" (EMEA/410/01 Rev. 2).

A packaging material contains two tallow-derived components. The first component contains a tallow-derived material that originates from bovine sourced from the United States and Mexico. The second component contains a tallow-derived material that originates from an animal sourced from the United States and/or Canada. The suppliers have provided processing conditions that meet the requirements of the "Note for Guidance on Minimising the Risk of Transmitting Animal Spongiform Encephalopathy Agents via Human and Veterinary Medicinal Products" (EMEA/410/01 Rev. 2).

A raw material contains a tallow-derived additive that originates from bovine sourced from the United States, Canada and Mexico. The supplier has stated the following processing conditions for the tallow-derived material: hydrogenation or hydrolysis at not less than 200°C for not less than 20 minutes under pressure, and distillation at 200°C. The processing conditions meet the requirements of the "Note for Guidance on Minimising the Risk of Transmitting Animal Spongiform Encephalopathy Agents via Human and Veterinary Medicinal Products" (EMEA/410/01 Rev. 2).
