

**RABBIT ANTI-cAMP-DEPENDENT PROTEIN KINASE
REGULATORY SUBUNIT II β (PKA RII β)
AFFINITY-PURIFIED ANTIBODY**

- CATALOG NUMBER:** AB1614
- LOT NUMBER:**
- QUANTITY:** 100 μ g
- SPECIFICITY:** Recognizes the regulatory subunit II β of cyclic AMP-dependent protein kinase (PKA RII β). Due to the sequence of the peptide selected, no cross-reactivity is seen with other PKA receptor isoforms.
- IMMUNOGEN:** Synthetic peptide coupled to KLH as an immune potentiator.
- SPECIES REACTIVITY:** Human, rhesus monkey, rat, mouse.
- APPLICATIONS:** Western blotting 1:1,000
Immunohistochemistry 1:1,000
Optimal working dilutions must be determined by end user.
- FORMAT:** Peptide-affinity purified immunoglobulin
- PRESENTATION:** Liquid at 1 mg/mL containing 0.05% sodium azide and 50% glycerol.
- STORAGE/HANDLING:** The undiluted antibody solution is stable for approximately 6 months when stored -20° C.

Important Note: *During shipment, small volumes of product will occasionally become entrapped in the seal of the product vial. For products with volumes of 200 μ L or less, we recommend gently tapping the vial on a hard surface or briefly centrifuging the vial in a tabletop centrifuge to dislodge any liquid in the container's cap.*

For research use only; not for use as a diagnostic.
